

A large, dark, industrial engine or generator unit, possibly a generator, resting on a wooden pallet in a warehouse setting. The unit has a large flywheel on the left side and various pipes and hoses connected to it. The background shows warehouse shelving and other equipment.

Ratio: 2:1

A large, black, industrial-grade engine, identified as a Caterpillar 3406, is shown mounted on a wooden pallet. The engine is a complex piece of machinery with various pipes, hoses, and a large flywheel visible on the front. It is situated in a warehouse or industrial storage area, with metal shelving units and other equipment visible in the background. The engine is positioned at an angle, showing its front and side profiles.
