

A large industrial cable reel is shown in a warehouse setting. The reel consists of a large spool of dark, thick cable mounted on a red-painted metal frame. To the left of the spool is a yellow electric motor. A white tag with the number '21011' and a logo is attached to the cable. The background shows other industrial equipment and vehicles.

Højde: 950 mm

wire diameter: 15 mm - tromle længde: 840 mm

A large industrial cable reel is shown in a warehouse setting. It features a yellow motor housing with a circular access panel on the right side, mounted on a red-painted metal frame. A thick black cable is wound around the central drum. The background shows various industrial equipment and storage racks.
